

24 APRIL 2020

Study Programmes Update

The college recognises that these are unprecedented, challenging and worrying times for us all. In line with the most recent Government directive, City College Peterborough is **OPEN** and we are here to help and support you. For some learners, this will mean attending and engaging with activities at the Brook Street Campus, while others will receive support remotely.

Some of you may be struggling, finding things difficult and missing the daily structure of college life. We are making weekly wellbeing calls to all study programme learners and their families. We want you to keep in contact with our wellbeing team and tutors and let them know what support and help you need. We have produced a range of support materials for you to engage with, it is important to look after your physical and emotional wellbeing at this time.

All learners who are entitled, will continue to receive a daily hot meal, delivered by college staff. You can contact the wellbeing team by calling the college number 01733 761 361 or emailing sphelp@citycollegepeterborough.ac.uk.

Next steps of your education

Although there will be no formal exams taking place for the remainder of this academic year, no learner will be disadvantaged as a result of this. Very clear guidance has been made available to schools and colleges on what they must do. Tutors will carefully consider judgements of the work you have been doing in the classroom (prior to lockdown) and via online / distance learning. It is important that you continue to engage with the distance learning programmes that have been set up for you. City College Peterborough will ensure that all learners can progress onto the next stage of their learning.

It may seem like a long way off and it is difficult to fast forward to next September, but it is vital that you consider what your next steps will be, if you have not already done so. Staff will be available for you to discuss your next steps. For some learners you will be returning to City College Peterborough, while others may be moving on to pastures new. Remember we are here to help!

Stay safe and well, I look forward to seeing you all soon,

Tasha Dalton Winterton
